Dear Governor Parson:

Enclosed please find the budget request for FY 2022 for Missouri State Public Defender. Our request is made with an understanding of the budget constraints Missouri is facing this year and with an appreciation for the need to be good stewards of taxpayer funds. MSPD has two requests: that our core budget remain in place and that the State provide one additional attorney for the twelve trial offices where excessive caseloads have resulted in the creation of a waitlist for services.

MSPD has been plagued for decades with excessive caseload issues. In FY 2020 MSPD has worked to not only provide effective representation for our clients, but also to decrease the number of cases which require MSPD representation. MSPD has:

- used available funds to contract out cases on the waitlists decreasing the list from over 5,000 cases to approximately 2,500 cases;
- entered into a MOU with Department of Labor to verify applicant income information to make certain that only eligible applicants receive legal representation at the public expense;
- reallocated attorneys to counties where filed cases have increased;
- worked with the courts to limit eligible cases to those where the defendant is facing incarceration.

The Attorney General is defending MSPD and the State of Missouri in a lawsuit brought by the ACLU to contest the constitutionality of those waitlists. Decreasing the number of cases on those waitlists can be effective in a successful resolution of that lawsuit for Missouri.

Waitlists result in delays that are detrimental not only to our clients, but also to the State, the courts and the complaining witnesses. One additional attorney in each of these twelve offices that have a court authorized waitlist will significantly decrease the existing waitlists and the addition of new defendants to them.

MSPD has taken significant steps to improve Missouri's ability to fulfill its constitutional mandate to provide legal representation at public expense to the poor. Your recommendation in support of our core budget, as well as our one new decision item, will solidify the collaborative efforts that MSPD and the courts have begun. I appreciate your recommendation of this request.

Representation in *Gagnon* parole hearings is also part of this request. The number of qualified parolees is still unknown, but we must have the necessary resources to take on this representation at a time while we are still struggling to fulfill our constitutional mandate.

Together the State of Missouri can move beyond this caseload crisis to a successful partnership to provide high quality representation as required by the Sixth Amendment of the United States Constitution and Article I, Section 18 of the Missouri Constitution.

Sincerely,

Mary Fox
Director

PROGRAM DESCRIPTION

Department: Missouri State Public Defender

HB Section(s): HB 12.400

Program Name: Public Defender

Program is found in the following core budget(s):

**This program is found in all MSPD core budgets.
MSPD has only one mission and only one program - to provide
effective legal representation to indigent persons accused of crime.**

1a. What strategic priority does this program address?

The single overriding goal of the Office of the Missouri State Public Defender is to provide effective criminal defense representation for its clients fulfilling the State's constitutional mandate to provide legal representation to the poor charged with criminal offenses who are unable to retain counsel on their own. Strategies to accomplish this mission have been identified and implemented with continued refinements to enhance productivity and efficiencies, reducing costs and eliminating waste in the processes and operations that deliver such services.

1b. What does this program do?

The Missouri State Public Defender (MSPD) is a statewide system that provides legal representation to poor persons who are accused or convicted of state crimes. That representation occurs in Missouri's trial, and appellate courts, as well as in the United States Supreme Court. MSPD'S representation of eligible applicants fulfills the state's constitutional mandate to provide counsel pursuant to the Sixth Amendment of the United States Constitution and Article I, Section 18 of the Missouri Constitution.

MSPD has only one mission and only one program - to provide

2a. Provide an activity measure(s) for the program.

MSPD tracks both intake of new cases and resolution of disposed cases. MSPD also tracks outcomes of those cases. Many cases take more than a year from assignment to disposition and many more do not fall neatly, start to finish, within a single fiscal year. The chart reflects the reality that no lawyer begins the fiscal year with an empty file drawer. At the start of FY2020, Missouri's Trial Division public defenders had over 29,154 pending cases already on their desks, to which another 55,548 new cases were assigned over the course of the fiscal year.

**This program is found in all MSPD core budgets.
MSPD has only one mission and only one program - to provide

2b. Provide a measure(s) of the program's quality.

MSPD provides representation to the majority of persons facing criminal charges in Missouri's courts. Each eligible applicant is assigned to an individual Assistant Public Defender who is responsible for the representation of the client. MSPD measures incoming cases by charges filed by the State and jurisdiction in which the charges are pending. MSPD measures disposition of the cases by the final outcome of the case; i.e. trial, guilty plea, dismissal, etc. Any case which results in a conviction is eligible for post conviction review by both circuit and appellate courts. MSPD is generally responsible for providing representation in those cases also.

The attorneys of MSPD have a duty to represent the eligible indigent defendants that request legal representation, but those attorneys must balance the rights of those eligible defendants with the obligations of the attorney to provide competent and effective assistance. Because more cases are eligible for legal representation at public expense than the State has provided resources to handle, twelve trial offices currently have court authorized waitlists for services. Eligible applicants on those waitlists must appear in court without counsel until an attorney is available to provide legal representation.

As Chief Justice Draper noted in his State of the Judiciary speech in January, 2020 *"the system simply does not work without a sufficiently funded and staffed public defender system. To be sure, all attorneys in public service work long, hard hours, and many are underpaid and under-recognized. But if criminal cases cannot be moved efficiently through the system because of overloaded attorneys, we risk leaving those who are guilty on the street, those who are not guilty unable to return to being productive members of society, and victims and their families powerless to find closure and move forward with their lives. Together, we all share the burden of our state constitutional mandate demanding that 'justice shall be administered without sale, denial or delay.'"*

MSPD's ability to provide quality, timely representation is affected by the amount of resources available in relation to the number of cases in need of representation.

2c. Provide a measure(s) of the program's impact.

As noted above, MSPD is the independent statutory department that provides legal representation at the public expense to any eligible applicant as required by the Sixth Amendment of the United States Constitution and Article I, Section 18 of the Missouri Constitution. Missouri's criminal courts would come to a standstill without MSPD. At any time, MSPD is the defense attorney of record in the majority of criminal cases pending in those courts. Chief Justice Draper explained the danger to Missouri without a funded public defender system is that the guilty will go free, the innocent will be unable to return to their communities and victims will not have closure.

This program is found in all MSPD core budgets.
MSPD has only one mission and only one program - to provide effective legal representation to indigent persons accused of crime.

2d. Provide a measure(s) of the program's efficiency.

There are three primary measures of effectiveness applicable to the Missouri State Public Defender System:

(1) **Case Law:** Through cases ruled upon by the United States Supreme Court, the Missouri Supreme Court and Courts of Appeal, specific standards of what does or does not constitute effective assistance of counsel in the representation of a criminal defendant have evolved. Where an attorney is found by the court to have failed to meet those standards, any conviction of the defendant must be set aside.

(2) **Missouri Rules of Professional Responsibility** are established by the Missouri Supreme Court and applicable to every attorney licensed to practice law within the State of Missouri. The Rules set out what is expected from a competent, professional attorney and are enforced by the Missouri Supreme Court through its Office of Chief Disciplinary Counsel. Failure to comply with these rules can result in actions being taken against the attorney's license, ranging from a formal reprimand up to and including permanent disbarment from the right to practice law within the state.

(3) **MSPD Guidelines for Representation** adopted by the Missouri State Public Defender Commission, which set out the Commission's expectations of its attorneys in order to meet the above standards for effective representation of clients served by Missouri Public Defenders.

Unfortunately, the Missouri State Public Defender System is not currently able to meet many of these standards because it is staffed to handle only a percentage of the total caseload assigned to it this last year. The overload has forced lawyers and investigators alike to cut corners, skip steps, and make on-the-fly triage decisions in order to keep up with cases coming in the door. As a result, effectiveness in many of these cases is compromised.

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 600 R.S. Mo, which was enacted to comply with the state's obligations under the U.S. Constitution and Missouri Constitutions:
In all criminal prosecutions, the accused shall enjoy the right to . . . have the assistance of counsel for his defence.
Amend VI, U.S. Constitution

*In order to assert our rights, acknowledge our duties, and proclaim the principles on which our government is founded, we declare: . . .
That in criminal prosecutions the accused shall have the right to appear and defend in person and by counsel.*
Article I, Section 18(a), Missouri Constitution.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

Yes -

The Provision of counsel to indigent defendants facing prosecution and potential loss of their liberty if federally mandated the United States Constitution.

"In all criminal prosecutions, the accused shall enjoy the right to...have the assistance of counsel for his defence."

2. CORE DESCRIPTION

The Missouri State Public Defender (MSPD) is a statewide system, providing legal representation to indigent defendants accused of state crimes in the Missouri's trial, appellate, and Supreme courts. It is an independent department of state government, located within, but not supervised by, the Judicial Branch. It is governed by a seven-member Public Defender Commission, appointed by the Governor.

This core decision item includes funding for public defenders and their support staff throughout the state and a central administrative staff. It also includes partial funding for assigning conflict cases to private counsel.

3. PROGRAM LISTING (list programs included in this core funding)

The Missouri State Public Defender has only one program: providing constitutionally required criminal defense representation to eligible applicants facing the loss of liberty in state misdemeanor and felony prosecutions, as well as in appellate and post-conviction representation matters in which the state has created a right to counsel.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 15111C BUDGET UNIT NAME: Office of the State Public Defender - Legal Services HOUSE BILL SECTION: 12.400	DEPARTMENT: Missouri State Public Defender DIVISION: Director's Office - Legal Services
---	--

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

As in previous years, the Office of the State Public Defender is requesting full flexibility in our legal services appropriations. (Appropriations 0911, 0912 and 8727). Due to the turnover of attorney positions, the number of conflicts and the overload of cases, it is frequently necessary to transfer cases from state employees (Appropriation 0911) to private counsel who can be compensated from appropriation 0912 or 8727.

It is also necessary to transfer vacancy savings dollars from the Personal Service Appropriation to the Expense and Equipment Appropriation to cover appropriation shortfalls in case litigation expenses and increasing office expenses such as travel, postage, equipment maintenance and network charges.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$1,452,000	\$1,250,000	\$1,250,000

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
\$1,452,000 was transferred from Personal Service (0911) to Expense & Equipment (0912). \$500,000 of this transfer was due to a NDI being coded to 0911 instead of 0912 when approved. In FY20 most of the transferred money was used to reduce waitlists of public defender eligible defendants.	Flexibility will be utilized to best meet the caseload demands of the State Public Defender System. Dollars from Personal Service vacancy savings could be used to meet the costs of operating the local offices or to contract out cases to private bar as the need arises or to pay for increasing necessary litigation expenses.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Missouri is constitutionally mandated to provide legal representation at the public's expense to poor persons who have been charged with a criminal offense who are unable to hire counsel. MSPD is the independent statutory department created to fulfill that obligation. MSPD was established in 1982 and has struggled for much of its existence to obtain the necessary resources to fulfill that constitutional mandate.

The issue of Missouri State Public Defender's excessive workload has been the subject of five different studies. Each of these investigations reached the same conclusion: Missouri does not provide funding for enough lawyers to fulfill the state's constitutional obligations to provide counsel for the poor.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

As a result of these excessive caseloads waitlists for services have been established in jurisdictions covered by twelve of MSPD's trial offices. (see map and chart on the following pages.) Almost 2,500 cases await an available public defender to enter as counsel for the defendant. That delay is detrimental not only to the defendant; but also to the courts, the State and the counties.

MSPD has been proactive in eliminating excessive caseload. Indigence guidelines have been tightened and consistently enforced. MSPD has limited accepting cases that will not result in the defendant's confinement. MSPD has reallocated available assistant public defender FTE positions from urban areas to areas that have seen a growth in population and/or crime. MSPD has reallocated senior management attorney positions to trial office assistant public defender positions.

Twelve assistant public defenders are requested in this new decision item. One additional attorney in each of twelve trial offices that have court authorized waitlists will significantly decrease the existing waitlists and the addition of new defendants to those waitlists. These twelve trial offices are responsible for all existing and incoming eligible trial division cases in 38 of Missouri's 114 counties.

The average cost per case to significantly reduce the waitlist by adding 12 FTE is \$330.66. (Including fringe benefits funded in HB 5 the average cost per case by adding FTE is \$497.82) The reduction of these waitlist cases by contracting to private counsel is at an average cost of \$711.60 per case. Providing constitutional representation to the waitlisted defendants through adding twelve additional assistant public defenders is \$820,032. Providing constitutional representation to the waitlisted defendants through conflict counsel would be at a cost of \$1,764,768. Adding FTE is a more cost efficient way to fulfill this constitutional mandate and could save the State approximately \$530,000 per fiscal year.

Due to the expectation the current pandemic will limit the availability of the State's funds for new decision items, this is the only new decision item being requested by MSPD in FY 2022.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.									
This is a new funding request for the State Public Defender in response to a court order in Gasca v. Precythe. The federal court found that the State of Missouri was required to provide counsel for parolees in parole hearings with Gagnon factors. The Department of Corrections has requested the State Public Defender to handle this responsibility pursuant to Section 600.042.4(6). The Department of Corrections has determined that there will be approximately 440 parole hearings per year with Gagnon factors which require representation.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)			
<p>Because this is a new function for the Public Defender's Office, the caseload is not readily determinable. While the Department of Corrections analysis believes there will be approximately 440 cases per year that will qualify for representation, that number could easily increase to over 4,000 cases. The Governor's recommendation for the funding request is on a conservative basis of 4 FTE's along with one-time start-up equipment and occupancy costs. MSPD's analysis requested 10 attorneys and the necessary support staff. Future funding decisions will need to be made after a review of the actual caseloads throughout this first year, then adjustments made to ensure that the state meets the minimum constitutional standards. MSPD can handle these hearings most efficiently by having a specialized unit. The hearing schedule set out in <i>Gasca</i> court order would require attorneys to attend preliminary hearings on very short notice. That type of work is managed most effectively when it is the sole focus of the attorney, as opposed to when a trial attorney is trying to fit it into an already overloaded court schedule. Historically, SPD has not handled parole hearings.</p>			

Due to the level of employee turnover in the Public Defenders Office the cost to onboard new Attorneys is well established. The only uncertain number will be the cost of space. The current budget request includes the cost for a 1250 sq ft space and it is not known if this amount of space is sufficient and available in an appropriate location for this activity.

2. CORE DESCRIPTION

This appropriation was established to cover three main types of expenses.

VIOLENT CRIMES: Payment of expenses associated with the defense of violent crimes, including those charged as sexually violent predators and death penalty cases.

LITIGATION EXPENSES: Litigation expenses are also paid out of the appropriation. These would include, but are not limited to, such things as mental health evaluations by experts, depositions, interpreters, medical records, transcriptions, exhibits, immigration consultations, fingerprint experts, handwriting analysis, etc. There has been no increase in funding for litigation expense since fiscal year 1996.

CONFLICT CASES: A conflict requiring a case to be contracted out to private counsel occurs when there are multiple co-defendants charged in a particular incident. The co-defendants each require conflict free counsel who can investigate and negotiate the case independently, including any negotiation of testimony against another co-defendant.

3. PROGRAM LISTING (list programs included in this core funding)

The Missouri State Public Defender (MSPD) is a statewide system that provides legal representation to poor persons who are accused or convicted of state crimes. That representation occurs in Missouri's trial, and appellate courts, as well as in the United States Supreme Court. MSPD's representation of eligible applicants fulfills the state's constitutional mandate to provide counsel pursuant to the Sixth Amendment of the United States Constitution and Article I, Section 18 of the Missouri Constitution.

2. CORE DESCRIPTION

As laws continue to change and turnover of Missouri State Public Defender's staff is significant, training of public defenders and their staff becomes even more critical. The funds in this appropriation are collected from the indigent accused and by statute are used at the discretion of the Director of the State Public Defender for the operation of the department, including, but not limited to, training, Missouri Bar Dues, legal research, one-time equipment purchases, office moves and other critical needs.

3. PROGRAM LISTING (list programs included in this core funding)

There are no separate programs within this appropriation. Dollars collected from Public Defender Clients are utilized to assist in funding the Missouri State Public Defender.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The appropriated amount for the Fiscal Year 2022 pay plan was based on personal service appropriations.

5. BREAK DOWN THE REQUEST BY BUDGET OBJECT CLASS, JOB CLASS, AND FUND SOURCE. IDENTIFY ONE-TIME COSTS.

2. CORE DESCRIPTION

As laws continue to change and turnover of Missouri State Public Defender's staff is significant, training of all staff becomes even more critical. The funds in this appropriation are collected from the indigent accused and by statute are used at the discretion of the Director of the State Public Defender for the operation of the department, including, but not limited to, training, Missouri Bar Dues, legal research, one-time equipment purchases, office moves and other critical needs.

3. PROGRAM LISTING (list programs included in this core funding)

There are no separate programs within this appropriation. Dollars collected from Public Defender Clients are utilized to assist in funding the Missouri State Public Defender.
